

MVA Intake Checklist

General Motor Vehicle Accident information

Oregon is a no fault state. All auto injury claims must be sent to the client's motor vehicle insurance first to apply towards their personal injury protection (PIP). We cannot bill the other driver's insurance directly even if you are found to be at fault. (We can only bill the other party's insurance directly if the injured client was a pedestrian or bicyclist and has been found not to be at fault for the accident)

All Oregon insurance plans carry a minimum of \$15,000 in PIP. Out of state plans can vary in coverage. It is important that you speak to an adjustor and open a medical claim for your accident. You will not be able to get your services paid until the claim is open and PIP is approved.

Required Guest Information

- Have you contacted your insurance company to report the accident and open a medical/PIP claim? (You need to do this as soon as possible to obtain the proper medical claim number)

Guest Name: _____ Date of Injury/Accident: _____

Insurance Company (client's car insurance) : _____

Claim #: _____ Adjuster: _____ Phone #: _____

- Copy of massage therapy prescription obtained? (We need this prior to your first appointment)

- Do you have an outside MD/Chiro/Acu/ND managing your MVA case for future referrals? Yes No

Name of Provider: _____ Clinic Name: _____

If an outside provider is not currently managing your case, we recommend that you get one. Not having a provider managing your case can make it more difficult to get services paid for and weakens your case for any settlement with the insurance company.
